WILL WRAP HANDS IN OPEN RING KRUPPS WORKS IN LIQUIDATION

TOLDO, Ohio, July 1.—Willard and Peckay will enter the ring Friday with bare hands. All bandaging and taping will be done in view of the spectator. Rickard announced the decision is regarded as a victory for Willard who objected to Dempsey's plates to adjust them in the dressing room. Low flying airplanes will photograph the fighters immediately after the contest. Several planes will attempt a non-stop flight to Chicago and New York in order that still pictures may be available for reproduction in the Saturday papers. Attempts may be made to carry pictures by air mail from the Pacific coast by airplanes in two relays.

It has not been determined what amount of tape and bandages will be used. It is understood that Willard will wrap open a thin layer of cotton with several bandages and only enough tape to hold them in place. Ring and referee Ollie Picard will probably decide the question tomorrow.

The boxers will wear a special made Deacon glove. Each will have five seconds in his corner to prepare to report the fight will start clean of any previous ring talk. There will be fifty telegraph wires of the ringside to carry the story to every portion of the world.
